Re: *Versant Power*
Docket No. ER20-1977-000
Revised Annual Transmission Charges Informational Filing

Dear Secretary Bose:

On May 2, 2022, and as revised on May 18, 2022, Versant Power submitted in the above-referenced docket an informational filing setting forth charges for transmission service under its Open Access Transmission Tariff for Maine Public District (“MPD OATT”) for the upcoming June 1, 2022, to May 31, 2023, rate year (the “2022-2023 MPD Charges”).

Attached, please find a filing of further revised 2022-2023 MPD Charges that correct certain errors identified in the materials submitted May 2, 2022, and revised on May 18, 2022. These corrections result in charges under the MPD OATT that are the same or lower than those calculated in the materials submitted May 2, 2022, and revised on May 18, 2022.

A copy of this filing is being served on existing customers under the MPD OATT, the Maine Public Utilities Commission, the Office of the Public Advocate of the State of Maine, and the Northern Maine Independent System Administrator.

Thank you for your attention to this matter. Please direct any questions to the undersigned.

Respectfully submitted,

/s/ Jeffrey M. Jakubiak
