Re: *Versant Power*
Docket No. ER20-1977-000
Revised Annual Transmission Charges Informational Filing

Dear Secretary Bose:

On May 2, 2022, as revised May 18 and June 22, 2022, Versant Power submitted in the above-referenced docket an informational filing setting forth charges for transmission service under its Open Access Transmission Tariff for Maine Public District (“MPD OATT”) for the upcoming June 1, 2022, to May 31, 2023, rate year (the “2022-2023 MPD Charges”).

Attached, please find a filing of revised estimated 2022-2023 MPD Charges that correct certain errors to retail unit charges identified in the materials submitted June 22, 2022. (These corrections do not impact the annual transmission revenue requirements for either wholesale or retail customers, nor the unit charges to wholesale customers.)

Insofar as retail charges under the MPD OATT have already been placed into effect, and bills have been generated based on those charges, the revised charges set forth in the attached materials will be made effective August 1, 2022, and appropriate adjustments/corrections will be made in next year’s annual charges update to reflect the incorrect charges applied prior to that date.

A copy of this filing is being served on existing customers under the MPD OATT, the Maine Public Utilities Commission, the Office of the Public Advocate of the State of Maine, and the Northern Maine Independent System Administrator.

GIBSON DUNN

Kimberly D. Bose, Secretary

Thank you for your attention to this matter. Please direct any questions to the undersigned.

Respectfully submitted,

/s/ Jeffrey M. Jakubiak

Jeffrey M. Jakubiak

Attorney for Versant Power
