### A. Your Energy Insight

Customers with multiple meters receive an Energy Insight based upon the sum of all meters that are on the account.

### B. Total Monthly Cost

A Total Monthly Cost graph shows New Charges for each month for the past 13-months. The current month displays furthest to the right. As a note, this graph will not include credits, adjustments and other charges.

## Multiple Meters

Customers that have multiple meters on one account receive a slight variation of bill. The first page of the bill shows a summary of their account, while the following pages give detailed information on each of the meters.

**1 Meter (Service 1)**

<b>Supplier Subtotal</b>			<b>\$20.98</b>

**Versant Delivery + Supplier Charges = \$42.65**

**2 2-Year Energy History**

**Meter Read**

Meter#: 007000900  
Service Period: Jun 5, 2022 - Jul 6, 2022

Current Reading	Previous Reading
56681	56503

**Total kWh: 31 Day(s) 178**

**Supplier Message**  
**Standard Offer**

Your electricity price for Standard Offer service for the period of January 1, 2022 through December 31, 2022 is \$0.116840 per kWh.

**About Your Energy Supply**

You're on Standard Offer. Did you know you can choose your Energy Supplier? Versant Power does not supply energy, but provides billing & payment services on behalf of your electricity supplier.

### Billing Terminology

**kWh (kilowatt hour)**

The amount of electricity you use is measured in kilowatt hours (kWh) by a meter. For example, a 100-watt light bulb used for 10 hours will consume 1,000 Watt hours, or one kWh.

**Estimated Bill**

If we are unable to obtain a scheduled meter reading, your bill will be estimated based on the amount of kWh consumed based on past usage.

**Sales Tax Exceptions**

Maine state sales tax does not apply for the first 750 kilowatt hours (kWh) of residential usage.

**Late Payment**

The amount not paid by the Due Date on the bill will be subject to a late payment fee of 0.267% on the unpaid balance.

**Payment Arrangement**

If you have trouble paying your bill, a payment arrangement may help. Please call customer service for more information.

**Delivery Rates**

Maine's rates are approved by the Maine Public Utilities Commission. Copies of our rate schedules are available online at [www.versantpower.com](http://www.versantpower.com)

**Distribution**

This recovers the costs of the local system, poles, wires and substations, that delivers power from the transmission system to your home or business.

**Transmission**

This recovers the costs of the high-voltage system that transports bulk power.

**Stranded Costs**

These include the costs of energy resource obligations entered into before electric industry restructuring. Also included are costs and benefits related to more recent long-term contracts required through state policy, such as contracts with renewable generators.

**Conservation**

Efficiency Maine Trust was created by the Legislature to deliver energy efficiency programs and services. It is funded in part by Conservation, a fee on electricity use.

## C. Detailed Information per Meter

### 1. Meter (Service #)

A clear header distinguishes the meter and service number.

### 2. 2-Year Energy History

Each meter has a two-year rolling historical usage graph, showing consumption in kWh, above the meter read.
