2006	2007	0.881	0.000	2.742	59.032	51.600
2005	2006	0.816	0.000	2.351	54.444	54.760

\* Hour Ending

Class	Class Name	Settled Under
Res	residential	residential profile
Lgtg	lighting	deemed profile
SCom	small commercial	small comm profile
MCom	medium commercial	medium comm profile
Large	large class	individual profiles

### New Premises

For premises (metered services) not existing at the time of ISO's system peak, the average ICAP value for the class is assigned.

### New Customers/Existing Premises

For customers moving into a premise existing at the time of ISO's system peak, the premise's associated tag is assigned.

### Inactive Customers

Tags of inactive customers are not included in any supplier's total ICAP responsibility.
